SNOW HAMPERS FINLAND WAR

RUSSIANS REPORT OCCUPATION GROUP OF FINNISH ISLANDS

SOVIET GOVERNMENT SAYS CONTINUE ADVANCE INTO FINNISH TERRITORY

By WITT HANCOCK

MOSCOW, Dec. 4.—(AP)—Russia reported today her army was advancing both in the north and south against the Finns and that her navy was making sweeping attacks in the Baltic and had captured a group of strategic Finnish islands in the Gulf of Finland.

Simultaneously the press at home denied she intended to convert Finland into a dependent country and attacked "the democracies."

Pravda, commuist party organ, said the mutual assistance treaty signed Saturday between Russia and a communist-led "People's" regime "eliminates forever the causes of mutual distrust and lays the foundation for a firm and indestructible friendship."

It added:

"It would be unnecessary to prove that none of the 'democratic' powers, let us say Britain, France or the United States, had ever agreed to sign a similar pact with such a small and weak country as Finland. x x x

"The Soviet Union only used its military power not for the occupation and enslavery of Finland but for strengthening the independence of Finland."

A Pravda dispatch indicated a heavy battle near Kronstadt, Russian naval base, but said that Soviet ships, airplanes and the army "routed the Finns and the English who dared to attack our shores."

There was no elaboration of the allegation that the English took part.

The Soviet navy's advances in the Gulf of Finland were reported in an official communique.

Units of the Baltic fleet, after "successful battles," captured the

Three Armed Men Robbed Employes Ft. Worth Store

FORT WORTH, Dec. .—(AP)—Three armed men held up and robbed a trio of W. C. Stripling Company employes about 1 p. m. today outside a side entrance to the store, and escaped with $500 in currency and checks totaling $12,898.

After grabbing a bag containing the money from the seat of a truck where it had been placed by Dewey Bradley, negro porter who with James Earl, the store's traffic manager, and Jimmy Wilmouth, employed in the delivery department, was taking the store receipts to a bank, the three bandits ran across First street and escaped in an automobile parked at the curb.

Bradley, who had his hand on the bag when accosted by the robbers, was struck in the side and ordered to "turn his face to the (store) wall."

Another employe said the robbers followed the men carrying the money from the building and accosted them just outside the door. Sensing something was wrong, he said he started over to the holdup scene when one of the robbers ordered him at pistol point to "stay where you are."

The loss was insured, store officials said.

Injuries Received In Accident Fatal To Aubrey Z. Price

Aubrey Z. Price, aged 32 years, died at an early hour Monday morning at the P. and S. Hospital.

Price received critical injuries to the head and eye and both arms were mangled to such an extent amputation was necessary, Nov. 7, several miles north of Corsicana. He was injured as he either was struck by or attempted to board an interurban car, officers and others reported.

One of his arms was amputated immediately following the accident while the other operation was performed last week.

Funeral rites were held Monday afternoon at 3 o'clock from the Corley chapel. Interment was in Zion's Rest cemetery. The rites were conducted by Mrs. J. B. Williams.

Surviving are his wife of Corsicana; mother, Mrs. Beulah Price, Corsicana; a sister, George Erma Price, and five brothers, Odell Price, Weldon Price Charles Price and Floyd Price, all of Corsicana, and Ed Price, Arizona.

Pallbearers were Richard Stewart, Jim Stewart, Carl Honea, Clyde Honea, Leslie Perry and Jack Riggins.

LEAGUE OF NATIONS SHOWS SIGNS LIFE ON FINNISH DEMAND

SLEEPING BODY RECEIVES DEMAND ACTION BE TAKEN IN NEWEST WAR

By CHARLES S. FOLTZ, JR.

GENEVA, Dec. 4.—(AP)—The League of Nations, which had been settling down to play Rip an Winkle through Europe's war, stirred busily today with Finland's demand for action on the Soviet Russian-Finnish conflict.

The council, guiding body of the league, was summoned directly by the league secretariat to meet next Saturday, and Eamon De Valera of Ireland, president of the assembly, was asked to issue a formal call to assembly members to meet two days later.

Finland, invoking the league's seldom-used machinery for settling international disputes, demanded "necessary measures to put an end to this aggression." Russia is a league member.

When war broke out between the British-French allies and Germany Sept. 3, league leaders agreed their role should be an inactive one, so far as political matters were concerned.

They called off regular council and assembly meetings because neutrals and others feared the war would turn the sessions into oratorical free-for-alls.

Since September, league employes missed by the economy axe have devoted their principal attention to lectures on how to act during air raids.

Yesterday morning all that was changed.

Rudolf Holsti, former foreign minister of Finland and one-time Stanford University professor presented Finland's demand to league secretary-general Joseph A. C. Avenol.

In recent years, the league frequently has left notes like the Finnish appeal gather dust for weeks, or oven months, before acting. But yesterday, Holsti had barely left the league buildings before Avenol had called his entire staff back and set the machinery in motion for the council of assembly meetings.

TOTAL BLOCKADE IS CLAMPED ON GERMANY BY ALLIES MONDAY

EXPORTS AND IMPORTS UNDER BAN IN ECONOMIC WAR ON NAZIS

LONDON, Dec. 4.—(AP)—Great Britain and France clamped on Germany today a total blockade, one of the most powerful weapons at their command.

From today on, the allied blockade will be working two ways—striving to strangle Germany's export trade and continuing to intercept her imports, as it has since the start of the war.

Britain simultaneously announced she had put 33 German merchant ships out of action in three months of war on her enemy's sea trade.

(Unofficial reports list 87 British merchant ships lost in sea warfare.)

The report on Britain's war on German sea trade to date said Germany's merchant shipping loss totalled 171,390 tons.

The announcement said the British navy enabled 21,000,000 tons of British shipping to ride the seas safely with a loss of only four per cent of the total naval tonnage.

The British lost the 3,829-ton merchant vessel Eskdene, sunk by a mine today. Her crew of 29 were landed in Scotland.

The 1,276-ton Scottish steamer Lairdsglen and the 1,064-ton Findhorn were damaged in mysterious collisions off the west coast during the week end. The Findhorn collided with an unidentified vessel and the Lairdsglen was damaged in collision with an unknown object.

Shares Attention With Raid.

The beginning of the attempt to isolate Germany completely from her overseas markets shared attention with the raid yesterday by Royal airforce bombers near the German naval base at Helgoland, hailed here as the most successful air offensive of the war so far.

The air ministry said the British fliers had scored "direct hits" in an attack on nazi warships.

The air ministry said one bomb from a Royal air force plane destroyed a German submarine in the North Sea yesterday, and other reports listed four more German submarines sunk in recent days.

(In Berlin, DNB, official German news agency, said an attempt British air raid on Helgoland was driven off with only a fishing boat sunk and a few bombs dropped.)

The British order to seize Ger-

PAINFUL ECONOMIC ADJUSTMENT WAR IN EUROPE PREDICTED

STATISTICIAN SEES NO ASSURANCE EARLY ADVANCES NOT TO CONTINUE

WASHINGTON, Dec. 4.—(AP)—Isador Lubin, commissioner of labor statistics, predicted before the national economic committee today that prolongation of the European war would boost American prices and bring about a "period of painful economic adjustment in the United States."

Lubin was the first witness as the committee opened an investigation suggested by President Roosevelt, who urged the group last fall to "keep a constant eye" on the price structure to prevent war profiteering. Senator Borah (R-Idaho), who had not attended committee sessions in several months, presided in the absence of Chairman O'Mahoney (D-Wyo.)

Tracing the history of wartime price increases, Lubin told the committee there was no assurance that commodity cost increases which already have begun would not continue and include a constantly wider group of materials.

"If this happens," Lubin said, "we must expect an increase in the cost of living and a demand for increased wages by labor. Out of it all will come the same serious economic repercussions that we witnessed 20 years ago—an economy with widely expended industrial facilities and increased agricultural acreage called forth by price increases; an expansion financed at inflated values with a consequent burden of high fixed charges and mortgage indebtedness."

The labor statistician said industry now had far greater capacity nd was much more easily adaptable to using substitute products than it was in the years just prior to this country's entrance in the World war.

For those reasons, Lubin said, there is less likelihood of industrial over-expansion and less chance that prices on basic commodities such as chemicals will rise precipitiously as they did in the last war.

JUDGE INDICATES MAY INSTRUCT JURY TO ACQUIT MAVERICK

DECISION RESERVED, HOWEVER, UNTIL FURTHER STUDY OF QUESTION

By HARRELL E. LEE

SAN ANTONIO, Dec. 4.—(AP)—District Judge Bryce Ferguson said today he was "inclined to the view" that he should instruct a jury to acquit Maury Maverick, mayor and former congressman, of a felony charge of paying another person's poll tax.

He reserved decision, however, pending further study of the question.

The judge kept the morning session of court going until past 1 p. m. while the large crowd impatiently awaited his decision on a defense motion for an instructed verdict. He then called a recess until 2:30.

"I am inclined to the view," he said shortly before the recess, "that the state produced no testimony other than accomplice testimony to support its contention that Maverick conspired to pay poll taxes.

"However, if you gentlemen of the state want to make a further analysis of the testimony, I will be glad to hear from you."

The judge interrupted an argument by L. J. Gittinger, assistant district attorney, to begin his informal remarks. Gittinger contended that Maverick furnished the money with which a poll tax was illegally paid and therefore provided the means of committing a crime.

Earlier two members of Maverick's counsel, A. I. Wirtz of Austin, former state senator, and Carl Wright Johnson had urged Judge Ferguson to enter an instructed verdict of acquittal.

Maverick has been on trial since last Monday. The prosecution contends that the offense with which he is charged is punishable by im-

WAYS OF IMPROVING PROBLEM OF COTTON SURPLUS OUTLINED

THREE-POINT ATTACK ON SOUTHERN FARM PROBLEM NOW UNDER WAY

WASHINGTON, Dec. 4.—(AP)—The Agricultural Adjustment Administration outlined today three ways of improving the problem created by the nation's cotton surplus:

(1) Increase exports.

(2) Increase consumption in this country.

(3) Adjust production and marketing of American cotton so as to bring the supply more nearly in line with demand.

"Progress is being made along all three lines of action," said the AAA in a memorandum urging growers to approve marketing quotas on the 1940 crop at a referendum to be conducted in the 19 Southern and Far Western cotton-producing states next Saturday.

"A determined effort is being made on a long-time basis to restore foreign cotton trade through the reciprocal trade agreements program, which recognizes the basic fact that a nation must buy if it expects to sell.

"In addition to the trade agreements program, an intensive export program was inaugurated

WINNIE RUTH JUDD, TRUNK MURDERESS, AT LARGE MONDAY

MAD NOTE-WRITING KILLER ESCAPES SECOND TIME IN FEW WEEKS

PHOENIX, Ariz., Dec. 4.—(AP)—A squad of sheriff's deputies searched a Phoenix residential district today for Winnie Ruth Judd, fugitive mad slayer, after a woman's footprints were found outside the duplex where she hid during her first escape from the state hospital for the insane.

For the second time in six weeks, Mrs. Judd last night sneaked out of a hospital ward, where she has been confined since escaping the gallows by being adjudged insane.

The footprints were the only clue discovered since Mrs. Judd broke into a house last night.

Within an hour of the time she fled, Sheriff Lon Jordan estimated, Mrs. Judd entered the home of the Rev. Robert A. Warren, pastor of the First Methodist Church, and took a coat, several oranges, and some crackers.

While in the home, she penned two notes, one of them to the pastor, expressing her regret at having stolen the articles and another to Governor Jones.

At the time of her previous escape, Mrs. Judd wrote the governor saying that she was being persecuted by hospital authorities and that, if he would assure her of the privileges which she had had under other administrations, should return voluntarily. The note which she left for the governor at Mr. Warren's home was

WITHDRAWAL U. S. RECOGNITION FROM RUSSIA DISCUSSED

REPUBLICANS SAY ROOSEVELT ADMINISTRATION AID TO INVASION FINLAND

WASHINGTON, Dec. 4.—(AP)—The question whether United States recognition of Soviet Russia might be withdrawn was kept to the fore today by Republican contentions the Roosevelt administration's recognition of the communist government was partly to blame for the invasion of Finland.

Publicists for the Republican national committee issued excerpts from statements made by party leaders opposing the exchange of ambassadors with the Soviets. Among them was a 1923 declaration attributed to Chief Justice Hughes, then secretary of state, that "there should be no encouragement to those efforts of the Soviet authorities to visit upon other peoples the disasters that have

FORTIFICATION OF STRATEGIC AALAND ISLANDS PLANNED

FINLAND SEEKS PEACEFUL WAY TO SETTLE WAR AND REMAIN INDEPENDENT

HELSINKI, Dec. 4.—(AP)—The Finnish government announced tonight that 1,500 Russian troops had been captured north of Lake Ladoga, in the middle section of the Russian-Finnish border. A spokesman said no details were available immediately.

HELSINKI, Dec. 4.—(AP)—Finland is fortifying the strategic Aaland Islands guarding the entrance to the Gulf of Finland, it was announced tonight.

A message to this effect has been sent to Joseph A. C. Avenol, secretary-general of the League of Nations, it was stated.

These islands had been the subject of a diplomatic tussle between Finland and Russia. Finland and Sweden had appealed jointly to the League of Nations for approval of their plan to fortify the islands, but Russia objected vigorously on the ground that such a step would bottle up the Russian fleet in the Gulf of Finland.

The upshot of this issue, which was debated last June, was that the league council did nothing.

Announcement that Finland would fortify the islands came at the end of a day of apparent quiet in the undeclared war with Russia. A heavy snowstorm prevented air operations over Helsinki, and there was no official word of developments at the front.

Finland sought a peaceful way today to settle her differences with Soviet Russia without sacrificing her independence or vital interests.

Inflict Heavy Casualties.

But while an answer from Moscow was awaited, Finnish forces reported inflicting heavy casualties on the invaders, and the civilians left in this capital steeled themselves for air raids they feared would be the most destructive of the war so far.

A heavy snow storm continued this morning, protecting Helsinki and environs from air raids. Up to early afternoon, no air alarms had been sounded.

The city, however, was almost

Mrs. Roosevelt Claims She Made Personal Probe

WASHINGTON, Dec. 4.—(AP)—Mrs. Franklin D. Roosevelt told reporters today that she had investigated the American Youth Congress long before the Dies committee had undertaken the job and had found nothing "to indicate any outside control."

Witnesses before the Dies committee have contended that the organization is dominated by communists.

The First Lady explained she did not always agree with the young leaders, but that she had read all their financial statements, which are audited and knew the sources of income and how it was spent.

Her investigation, Mrs. Roosevelt said, was made when she first lent her name to the congress and began working with it several years ago.

RUSSIAN INVASION OF POLAND APPARENTLY RESUMPTION SOVIET EFFORT COMMUNIZE EUROPE

By DEWITT MACKENZIE

Russia's method of procedure in smashing Finland leaves no doubt that this conquest does indeed represent a resumption of the bolshevist effort—temporarily shelved by Stalin 15 years ago—to Sovietize all Europe by taking advantage of the disorganization caused by the European war.

The conflict between the Allies and Germany has been overshadowed by the Russian drive. About the only mention was the "liquidation" of the aristocracy and landlords which is part of the formula for the establishment of a Soviet government, as was demonstrated again when Russia annexed Eastern Poland.

All Europe is anxiously trying to guess what the Muscovites next move will be if and when they have finished putting Finland through the mangle. The other three Scandinavian states —Norway, Sweden and Denmark —are apprehensive.

Pursuant to its plans for strengthening its strategic position in Nothern Europe, Russia is supposed to have an eye on Norwegian ports. Sweden's iron mines might prove a mighty magnet. In any event, apart from any fear or armed aggression, the Scandanavian states live in terror of the advancing Red wave. The trio undoubtedly would have gone to the aid of Finland had it been at all feasible.

Equally fearful are the Balkans, especially Rumania with its rich oil wells and that big Bessarabian territory which she took from Russia after the World war. The Soviet Union has given every indication of a desire to extend its domination over

PRISONERS TAKEN IN PRESENT FIGHT BETWEEN GERMANY, ALLIES FARE BETTER THAN IN OLD WAR

WASHINGTON, Dec. 4.—(AP)—Prisoners taken in the current conflict between Germany and the Allies are getting a better deal than those captured during the World war.

The American embassy in Berlin now is conducting diplomatic relations with Germany on behalf of Great Britain and France. One of its chief duties is to see that British and French prisoners are well treated.

In Washington, problems arising from American diplomatic representation for the Allies are being handled by Hugh Wilson, who resigned recently as ambassador to Germany.

Officials said today that Wilson had received no major complaints regarding Germany's treatment of prisoners and that they knew of no representations from Germany as to the Allies' handling of captured soldiers.

Under a Geneva treaty of 1929, Great Britain, France, Germany and other nations pledged themselves to observe definite rules regarding the conduct of prison camps. Among other things, the "protecting power"—the nation taking over diplomatic representation for a belligerent—has the right to examine prison camps at any time and to interview the prisoners.

The latter can make complaints to the Investigators. They are entitled to food equal to that given troops in base camps must be clothed by the nation which has captured them, must not be marched more than 13 miles a day and must not be exposed to danger needlessly.

State department reports indicate that all the belligerents have observed these requirements and that conditions are much better than they were during the World war, when prisoners often suffered from a lack of food and clothing.

EL PASO GAMBLING IS DEALT APPARENT DEATH BLOW RESULT SURPRISE RAIDS OF RANGERS

EL PASO, Dec. 4.—(AP)—Gamblers hit the ground running today as Texas rangers, their guns cocked for business, cleaned out gambling dens.

Most of El Paso's faro dealers, croupiers, dicemen and cardsharps ducked over to Jaurez, Mexico, or headed out of town.

Oldtimers said it was the first time gamblers were not roaming the streets since the first checkered-vest gent opened shop in the days of the one-shot pistol.

Ranger Captain William McMurray turned his men loose on the gambling halls in a surprise followup to Gov. W. Lee O'Daniel's recent sermon-like blast at gambling delivered over the radio.

El Paso, the ranger captain admitted, is going to have its face lifted. Gambling, he said, is not going, it's gone.

There was strong support of the rangers from El Paso's anti-gambling element.

The Rev. W. H. Mansfield telegraphed the governor:

"Thank God for Governor O'Daniel and the rangers. Some of us have been praying for what happened last night. The only hope for our situation is for two rangers to remain in El Paso county."

Crusaders had been watching the sheriff of neighboring Dona Ana county, New Mexico, clean up dives. One minister proposed that the New Mexican sheriff be drafted to clean up El Paso.

The rangers sauntered into the town's most exclusive club first. Play was at its height. Men and women patrons were held two hours, then freed. Big shot operators were told gambling complaints would be filed.

Roulette wheels, dice and blackjack tables, keno boards, croupiers' sticks, slot machines and marble and punch boards were seized.

Players who had planked down cash for chips had no place to cash in. The gamblers were playing their case close to their own chests.

IMPROVEMENT

Something is happening to the American people. We certainly are getting into a better state of mind.

For a long time, after repeated disappointments and discouragements, most of us were living in a state of disillusionment. There seemed to be general doubt about business ever getting any better. Enterprise was apparently dead on its feet. Hardly anybody had much faith left in our aconomic system. Some had no faith any longer in our political system.

And look at things now, with business and industrial and employment records being broken again, just like old times, and the stores full of buyers and a wonderful Christmas in sight.

We were just as pessimistic for a while about the war. Most of us seemed to feel that it was going to be the worst conflict ever, and that we couldn't keep out of it. Yet here we are, going steadily about our business and most of us already assured that we can go our own way and make our own destiny.

ARMAMENT OR RELIEF!

Senator Norris of Nebraska is going to oppose new defense appropriations in the coming session of Congress, he says, because he thinks the money can be spent more wisely for relief of unemployment and agricultural distress.

If the country hadn't any troubles, he wouldn't feel so strongly about spending big sums for the army and navy in addition to those already appropriated.

Besides, he suggests that by waiting a while and observing the progress of the war, we may profit by foreign mistakes and learn better what we need in the way of new armament.

To many this will sound reasonable. But how seriously Congress will take the senator's protest will depend largely on what is happening in Europe and Asia when the lawmakers meet again in January. If big fighting breaks out, Congress will doubtless be disposed to play safe by further strengthening of our army and navy.

CHRISTMAS BUYING

"The Thanksgiving question aside," says a business commentator, "the Christmas business of 1939 may very well be the best of the decade. With the exception of 1936, it is the only Christmas season in ten years which climaxes a generally good business year and follows hard upon a very rapid acceleration of industrial activity."

Merchants are especially hopeful now, he says, because the increased industrial activity and employment have hardly been reflected yet in the retail market. If the President's theory that people have been using their new earnings to pay old bills is correct, the retail distributors will soon be getting their share, especially in the Christmas buying.

TULIP TIME.

"If you expect ever to plant tulips," says a gardening expert, "do it this year, because there are plenty of bulbs now and there will be very few next year."

It's the war. America is still accustomed to getting large quantities of bulbs from Holland. The growers there are now giving up vast areas used for this purpose. Some of the tulip areas are being flooded for military defense against invasion. Warehouses are being taken by the government for military barracks. Thus there is little storage space left for bulbs, and there may be none shipped next year.

It might be a good idea to get and plant some bulbs in remembrance of pre-war Holland, if for no other reason.

TORTURE OF CHILDHOOD

Time was when I was very small,
They stuck me up against a wall
And said, that clearer speech might come:
"Now from your mouth remove your thumb
And speak that piece for Aunty Jane
About the boat and counterpane!"
By that—although my years were eight—
All company I'd grown to hate.

I had an older sister who
From visitors in terror flew.
When company arrived she tried
Her best to find a place to hide,
Because she knew ere very long
She'd have to sing a little song.
She hated, as she told me then,
"Nice ladies and fine gentlemen."

Now when some youngster small I hear
Stammering about Paul Revere
And up to him his mother comes
Out of his mouth to take his thumbs
I wonder in my easy chair
As I behold him suffering there
If he hates me, as way back then
I hated all fine gentlemen.

NONCOMBATANTS' SEA RIGHTS

We Americans have withdrawn our ships and sea traffic from the war zone, to avoid involvement. But we have not surrendered our rights to the safe use of the universal sea, nor our duty to condemn breaches of international maritime law.

Recent disasters to ships and citizens of many nations, resulting from apparent disregard of legal practices, call for vigorous criticism if any of the belligerent powers are guilty of what they seem to be doing. There are laws to govern such cases, hitherto subscribed to by all civilized nations.

It is the unwritten as well as the covanented law of the sea, says an authority, that belligerents shall not leave mines or torpedoes drifting in the wake of their battles to strike at any vessel without warning.

The Hague rules provide that unanchored mines to explode on contact may be used only if they are timed to become harmless in one hour.

Mines are required to have devices to sink them or turn off their contact firing mechanism as soon as they go adrift. It is also required that contact sea mines must not be laid for the sole purpose of intercepting commercial shipping.

The neutral nations all have a big stake, practical and humane, in maintaining these principles.

MAKERS OF WRETCHEDNESS

Americans will support any honest effort to relieve the want, sickness and general misery of the victims of these ideological and burglarious wars in Europe and Asia. Yet it is impossible not to resent the deeds of the statesmen who have caused this wretchedness.

Hardly any of it was necessary. Nearly all of it is the result of autocratic oppression and insolence on the part of three men, using persecution and cruelty as instruments of political policy for their own glorification.

If it were possible to restore dictators to normal human decency, the relief task would become far more congenial. As matters stand, the autocrats may welcome American relief contributions for their victims as releasing more of their own resources for predatory wars.

For every offensive war weapon in the past, a defense has been found; now how is Britain going to cope with those Nazi marine bombs?

They used to say the "American religion" was money. Now it's beauty.

VICTIM OF HEART ATTACK WAS BURIED BAZETTE SATURDAY

Funeral services for David Nelson Thomas, aged 53 years, of Angus, a farmer, who died Friday afternoon with a heart attack, were held Saturday afternoon at 2:30 o'clock from the Corley chapel. Interment was at Bazette. The rites were conducted by Rev. S. R. Goff, pastor of the North Side Baptist church here.

Thomas was stricken in the business district Friday afternoon at 2:15 o'clock, and was rushed to the P. and S. Hospital in an ambulance where he was pronounced dead upon arrival.

A native of Arkansas, he had resided in Augus about 20 years.

Surviving are two brothers, B. R. Thomas and S. L. Thomas, both of Angus, and a sister, Mrs. S. W. Dahman, Ingleside.

Pallbearers were B. G. Jones, Ellis Luther, J. L. Caffey, W. L. Stewart, Jack Griffin and L. P. Tilton.

MRS. EMILY SMITH BURIED AT DRESDEN THURSDAY MORNING

BLOOMING GROVE, Dec. 2.—(Spl.)—Funeral services for Mrs. Emily Smith, aged 79 years, wife of the late John T. EMERGENCY BUDGET TO MEET EXPENSES IS PASSED FRIDAY

COMMISSIONERS ACCEPT REPAIRS AND AGREE TO WPA PAVING PROJECT

An emergency budget of $8,000 for the general fund was passed by the commissioners' court Friday afternoon at its regular session. This was necessitated, it was stated, because of unforeseen repair, extra relief expenditures, extra help due to earlier tax payments, different interpretation of laws after the 1939 budget provisions were adopted, and other reasons. The court accepted repairs made to the court house in recent months, authorized the street improvements about the court house, allowed claims and authorized E. Y. Cunningham, county auditor, to advertise for bids for a roller shelf for use in the county clerk's office and also for bids for payment of certain bonds maturing January 1.

An agreement with the city for the WPA project for the payment of West Third avenue and the setting back of the north curb. The setting in of the curb on the other three blocks of the courthouse lawn, a distance of eight feet also was contained in the agreement with the city-sponsored project. Work has already started. The entire expenditure for the paving of one block and the setting in of the other three curbs will represent an expenditure of approximately $2,400.

The repairs and improvements at the courthouse were accepted and the final payment of the balance due. The total amount was $1,934.39.

Salary checks were not available Friday, but will be paid Tuesday, it was stated. Salaries out of the general fund could not be issued until the emergency budget was authorized. Salary fund checks were being prepared Friday afternoon.

SECRETARY WALLACE SUGGESTS REVIVAL PROCESSING TAXES

WANTS OUTLAWED TAX STREAMLINED AND RETURNED LIFE AGAIN

OKLAHOMA CITY, Dec. 1.—(AP)—Secretary of Agriculture Henry Wallace, in an address widely awaited for a possible hint to new administration relief plans, threw out the suggestion today that a continuing source of revenue might be found in a "modern version of the processing tax."

In a speech prepared for delivery before a municipal auditorium audience that included many farmers and was broadcast over a national farm network (NBC), the cabinet member said there is "no doubt these (farm benefit) payments are needed."

He added that need for federal funds for national defense and other growing demands on the treasury left it "only common sense to make the farm program self-financing wherever that is possible.

"The old processing tax (invalidated by the supreme court) was the farmers' tariff," the secretary said. "The producers need a modern, streamlined version of that tax back again."

"Among the plans under discussion is the so-called certificate plan. It is a modern version of the processing tax. Under this proposal, farmers would get production certificates. Processors of cotton, for example, would be required to buy these certificates in order to sell their goods. The certificates would be equal in value to a certain number of cents per pound or bushel. The growers would sell their certificates to the processor, either directly or in a pool."

The cabinet member said they were "obvious advantages to such a plan."

May Cash Certificate.

"For one thing, it might be possible for the producer to cash his certificate at the time he sold his crop. One of the complaints against the present program is the length of time a grower has to wait for his check. And the certificate plan would not require funds from the treasury."

Taking up arguments against the processing tax, the speaker said the "overwhelming majority of consumers want farmers to get fair prices. x x x Moderate taxes on the processing of cotton, wheat and rice, for example, would add little to the cost of the finished product."

The secretary said he was not going to discuss the certificate plan in detail but declared "We want to work out a program that will be fair to all commodities.

"Every proposal should be carefully examined. x x x But I feel it is essential that the farmers should—as quickly as possible—get behind some plan that will assure them a permanent source of the revenue they need.

Hopeful of Co-Operation.

"I am hopeful the processors will cooperate with us. Among the processors are many able and progressive men. If they can be persuaded that we are right—and I believe they can—they will go along with us. But diehards might as well abandon the idea that American farmers are willing to continue to exploit themselves, their families and their land to grow cheap farm products."

The secretary also urged Southern farmers to approve the marketing quotas for the 1940 cotton crop. Some 2,500,000 growers will ballot on this Dec. 9. The quotas were approved in the last two annual elections.

Until the supreme court nullified processing taxes, Wallace said, the AAA programs "almost paid their own way."

"The farm programs may have added to treasury deficits," he declared, "but all of you should remember that this is not the farmers' fault or the administration's fault. It is the fault of those who tried to destroy the programs by destroying the processing tax.

General Appropriations.

"Since the court's decision, the farm programs, with the expection of sugar, have been financed out of general appropriations from the treasury. The processing tax on sugar, a tax in effect since 1937, has more than paid for the sugar program. There has been no continuing source of revenue for other payments to farmers."

Wallace said there was no assurance that congress would continue to appropriate funds for the programs.

"As many of you will recall," he asserted, "parity payments for cotton, wheat, tobacco, rice and corn were voted at the last regular session by an extremely narrow margin."

Wallace's address here was one of four he will make in the midwestern farm belt on his current swing. The others will be at Chicago, St. Paul and Des Moines.

Some observers have seen in his trip an effort to retain support for the new deal farm program and possibly for himself as a presidential candidate.

prisonment from two to five years.

State Testimony

The state offered testimony last week designed to show that Maverick last January 27 proposed to Miss Rebecca Taylor, official of a garment workers' union that union members unable to purchase poll tax receipts be given financial aid to do so. Another important bit of prosecution evidence was that $1.50, the amount of the poll tax, was handed to each of several union members by George Glass, another union official.

"Under the state's own evidence," Wirtz contended, "the worst that Maverick did was to lend his aid to New York headquarters of the union sending money down here to help pay poll taxes. The defendant is not connected with Glass by any evidence."

Johnson said that the prosecution did not prove any poll tax paying agreement because Miss Taylor refused to enter into such an agreement. He likewise contended that the state had failed to connect Maverick with Glass.

Johnson cited court of criminal appeals rulings in horse theft and arson conspiracy cases in support of his contention that "conspiracies cannot be established by declarations of co-conspirator."

The judge indicated he would rule on the defense motion late today.

BLOCKADE

(Continued From Page One)

man exports—whether carried in German or neutral ships—was proclaimed just a week ago by King George VI.

Prime Minister Chamberlain had announced it six days earlier as a decision for retaliation against mine warfare which still is taking a toll of British and neutral shipping.

The 2,159-ton Swedish steamer Rudolf was disclosed to have sunk yesterday after striking a mine off the British coast. Her crew of 23 escaped in lifeboats.

(Two persons were killed yesterday when the 7,030-ton French steamer Floride struck a mine and was beached near an unidentified French port.)

Concession to Neutrals.

The delay in putting the two-way blockade into force was a concession to neutral nations following complaints from Holland, Denmark, Belgium, Sweden, Italy and Japan.

To them, the chief effect of the blockade will be loss of profit from carrying goods of German manufacture or ownership. But the order provides for occasional relaxation to meet their protests and soften the blow to them.

Meanwhile, a demand was growing that Britain buy up all markets accessible to Germany across neutral frontiers—at the necessary price—and at the same time increase British exports.

The blockade was expected to wipe out Germany's trade with South America, and British business groups have been pressing the government for aid in capturing those markets.

Belt of Mines Feared

BERLIN, Dec. 4.—(AP)—Informed sources said today they believed German planes and submarines would lay a belt of dreaded magnetic mines around England and Scotland the region would be declared a danger zone. This, they said, would be Germany's answer to the British-French blockade but from official sources there was no comment other than that Germany "will give a proper answer to Britain's piratical practices."

believed to be along the same lines.

The theft, Mr. Warren told Jordan, occurred while he was presiding over his Sunday evening services. The McKinnells, parents of Mrs. Judd, are members of his church.

Meanwhile, chagrined Arizona authorities sought to trace Mrs. Judd from the home of the minister.

Kelvin Fox, assistant secretary to Governor Jones, expressed belief Mrs. Judd's escape had been planned.

Attendants said Mrs. Judd, who escaped the gallows by being declared insane in 1933, was nervous, irritable and highly excited when they last saw her about 6:30 p. m. She was sitting on the side of her bed at the time.

Gone 30 Minutes Later.

When they returned for a regular check-up 30 minutes later, she was gone, and the ward door was standing open.

It was the same door through which Mrs. Judd returned to the ward October 30, after six days of freedom. On that occasion she was caught leaving a residence on the hospital grounds where she had gone in search of food. When surrounded by guards and attaches she walked into the hospital and announced to Supt. Louis J. Saxe:

"Well, here I am. I told you I would come back when I saw my father and mother, and I did."

A few minutes later the crafty Mrs. Judd was assuring Governor Jones she had kept her promise to return and would not leave again—a promise she broke last night.

During her previous flight, Mrs. Judd made a night-time visit to the Rev. Paul Ankerberg of Tempe, Ariz., nine miles from Phoenix, and told him she planned to flee to Mexico and start life over as a missionary. She once lived in Mexico with her husband, Dr. W. C. Judd, now a patient in a veterans' hospital near Los Angeles.

Little Chance Reaching Border.

Authorities believed there was little chance that Mrs. Judd would succeed in reaching the border, however.

Until a week ago, Dr. Saxe said, Mrs. Judd had been under guard in solitary confinement. She was allowed to associate with other inmates in the hope of overcoming her nervousness and excitability, and thus had part of her old freedom restored.

Although the doors are locked and attendants remained on duty, the inmates of the hospital are not guarded.

Mrs. Judd killed Agnes Ann Le Roi and Hedvig Samuelson in 1931, dismembered Miss Samuelson's body, and shipped the bodies to Los Angeles in trunks. She was arrested in Los Angeles a week later, convicted in 1932 of killing Miss Le Roi, and sentenced to hang. The State supreme court upheld her conviction, but a Pinal county superior court jury found her insane.

empty. Such was the fear of new bomb attacks that only soldiers and civilians entrusted with vital tasks remained.

It was announced today the total civilian casualties in the recent raids were 85 dead and 181 wounded, 65 being killed in Helsinki alone.

Sixteen buildings were destroyed by bombs, 11 by fire and 233 others damaged.

There was no official word on activities of the government or developments at the front.

Soviet Troops Fall Through Ice.

The Finnish command said the Russians had lost heavily when their troops crashed through the thin ice along Finland's lake-studded frontier, or had been mowed down by sharpshotters and machine gunners guarding the frozen lakes.

Several thousand red army soldiers were reported killed also when they advanced across ground which retreating Finns had mined at Terijoki, alleged birthplace of the communist-led and Moscow-endorsed Finnish regime.

The Finnish radio disclosed the peace effort last night, announcing the Helsinki government had asked the Swedish legation in Moscow to consult the Kremlin on the possibility of a settlement.

Prime Minister Risto Ryti declared in a broadcast to the United States today that Finland is "ready to negotiate the demands of Soviet Russia to the utmost limit without violating our independence, or policy of neutrality."

But, he declared, the Finns are determined to defend their liberty and independence.

Three German steamers took aboard Germans, Italians, Russians and Estonians fleeing Helsinki last night and sailed in the forenoon.

Russian charges that Finland was using gas at the front provoked a government spokesman to suggest that they might be planning "to take this as an excuse for using gas themselves."

Russian Troops Land In Northern Finland

SVANVIK, Norway—(At the Finnish Frontier)—Dec. 4.—(AP)—three tholsand Soviet Russian soldiers were reported today to have been landed at various points on Petsamo Fjord, northernmost Finland, while immense clouds of smoke were sighted over the nickel works near Salmijaeri.

The report of the new landings was brought into Norway by I. J. Simcox, American manager for the International Nickel Company of Canada in the Salmijaervi area, who reached Kirkenes after a tour of inspection of the properties.

The smoke over the Salmijaervi nickel properties could be seen from Svanvik. They appeared to be ablaze.

The smoke was sighted after Simlox returned to Kirkenes. Earlier he had found the nickel works undamaged.

Fighting continued in the region around Petsamo, accompanied by the flight of civilians.

Among refugees arriving at Svanvik this morning was a mother with a baby born on the way across the border over a snow-drifted road.

BUENOS AIRES, Dec. 4.—(AP)—A movement was afoot today among American nations to condemn publicly Soviet Russia's invasion of Finland, Jose Maria Cantilo, Argentine foreign minister, announced today following an exchange of views with Uruguay.

RUSSIA

(Continued From Page One)

Gulf of FFinland Islands of Suursaari (Hogland), Seiskari, Lavansaari and Tytaersaari, according to communique from the staff of the Leningrad military area covering operations of yesterday.

The island group lies along Russia's line of communication through the Gulf of Finland into the Baltic.

The communique also reported continued advances into Finland, along her middle eastern border, and in the Karelian Isthmus north of Leningrad—advances to points 18 to 28 miles within Finland.

Of operations against the northern tip of Finland, the communique merely reported a "continued advance."

Meanwhile, Tass (official Russian news agency) circulated fresh declarations against the "hated" Finnish government at Helsinki—one credited to citizens of the Finnish border town of Terijoki and the other to the "First Corps of the People's Army of Finland."

At the same time, the Russian press devoted considerable space to a defense of the five-day-old invasion of Finland on the grounds that "it was necessary to take Finland out of the orbit of influences hostile to the U. S. S. R.

Recapitulating Soviet demands on inland and achievements since the invasion started by land, air and sea, newspapers printed maps showing territorial changes agreed upon by Russia and the new Terijoki "People's" government for Finland, proclaimed from Moscow last Friday in opposition to the Helsinki regime.

Transfer of Territory.

These changes included "transfer" of about 1,530 square miles of Finnish territory in the Karelian Isthmus north of Leningrad in exchange of about 27,000 square miles of Soviet Karelia.

Russia also was given a 30-year lease on the Hangoe Peninsula, surrounding waters and nearby islands, and the right to purchase other islands in the Gulf of Finland and parts of the Rybachi and Sredni Peninsulas on the Arctic coast.

Besides the transfer of Soviet Karelian territory, the deal provoked that Russia pay about $8,400,000 for railways gained and for the territory ceded or leased.

These were provisions of a treaty of mutual assistance signed Saturday by Russian Premier-Foreign Commissar Vyacheslaff Molotoff and Otto Kussinen, head of the Terijoki government.

Thus the U. S. S. R. gained, at least on paper, the concession she had sought fruitlessly from Finland at the Kremlin conference table before going to war.

Tass reported the people of Terijoki adopted a resolution hailing Kuusinen as a "staunch fighter and loyal son of the Finnish people" and attacking Elsinki government leaders as "hangmen and tyrants."

Demonstrate Against Soviets

ROME, Dec. 4.—(AP)—Grenadiers and carabinieri guarded the Soviet Russian embassy today as a throng of students marched on it to demonstrate against the Soviet Union.

The students gathered first in front of the Finnish legation, where they cheered Finland. It was the second such demonstration in three days.

Communist Propaganda Barred.

BERNE, Dec. 4.—(AP)—The Swiss government today banned communist propaganda within the Swiss army and "all other propaganda of anti-national character."

The AAA said federal and state governments were conducting experiments to develop new uses for cotton a new research laboratory at New Orleans which will have as one of its duties a search for new industrial uses for cotton.

Pointing to favorable results of marketing quota referenda in 1938 and 1939, the AAA said producers were "using the federal farm programs to adjust production and to hold marketings in line with demands."

"Quotas may be used," it said, "to forestall further increases in our already large cotton supply and to protect the markets of farmers who plant within their acreage allotments. Unrestricted marketings tend to defeat the efforts of those trying to adjust to demand the amount produced and sold."

overwhelmed the Russian people."

Former President Herbert Hoover recently commented that Mr. Roosevelt had given the communist government standing "as a decent member of the family of nations." In another statement issued through the national committee yesterday, Rep. Knutson (R-Minn) declared the recognition had "strengthened the hand of Stalin."

Some senators of both major parties have advocated that diplomatic relations with Moscow be severed to undercore this government's condemnation of the attack upon the little Baltic stae. Secreary of State Hull has had nothing to say about this possibility and persons opposed to withdrawing recognition have contended the United States would be in a better position to aid Finland if it remained on speaking terms with the Soviets.

President Roosevelt's appeal that Finland and Russia promise to refrain from bombing defenseless civilians—produced a favorable reply from the Finnish government yesterday, but state department officials said no reply had been received from the Moscow government.

Ever since the Soviet Union joined in 1934 her delegates have demanded forceful action against "aggressors" and have made bitter attacks when other members disagreed.

Bluntly, the Russians have defined an aggressor as a state which first sends its troop into another's territory.

LONDON, Dec. 4.—(AP)—The Press Association (British News Agency) said today it understood that Ivan Maisky, Soviet ambassador to London and president of the League of Nations Council, would not attend the council meeting scheduled for next Saturday in Geneva.

(The council was summoned yesterday to consider an appeal from Finland for arbitration of the undeclared Finnish-Russian war.)

Navarro County Couple Surprised On Anniversary

On Sunday, Nov. 5, 1939, the children of Mr. and Mrs. Z. E. Melton surprised them with a nice dinner, that being their forty-first wedding anniversary.

Those present were Mr. and Mrs. Z. E. Melton and children, Sam, Vera and Roy, Lester Clark and wife, Mr. and Mrs. Zack Melton, Jr., and daughters, Olene, Annie Sue and Joyce Fay; Mr. and Mrs. Norman Brister and daughters, Peggy Ann and Lucy Fay; Mr. and Mrs. Arthur B. Clark and baby, Ethel Annette; J. E. (Bud) Melton and wife; W. B. Clark and wife; Mr. and Mrs. B. A. Gorham and daughter, Ohma; Ben Melton, Dorlene Melton.

All had a nice dinner and a grand time, taking several pictures, one among them representing five generations, and another one of baby Ethel Annette Clark, her parents and ten of her grandparents, one of her great-great-grandparents was not present, he being A. O. King of Ardmore, Okla.

She has eleven living grandparents.—Contributed.

Young Democrats Assure Support Of Jackson Day Dinner

AUSTIN, Dec. 4.—(AP)—Texas Young Democrats leaders went home today after assuring Marion Church of Dallas, state chairman of the Jackson Day money-raising campaign, their support.

Many of the young democrats have openly backed Vice President John Garner for the party presidential nominee next year.

Church said here yesterday none of the money raised at Jackson Day dinners would be used in behalf of any presidential candidate until the national party made its choice in 1940.

TEXAS HAS BEEN DIVIDED INTO 23 CENSUS DISTRICTS

CORSICANA IS HEADQUARTERS FOR DISTRICT 6 COMPRISING EIGHT COUNTIES

WASHINGTON, Dec. 4.—(AP)—Texas has been divided into 25 census districts for the 1940 census.

Early in December area managers appointed Nov. 18 by the census bureau after an intensive training course at Washington will call candidates for district supervisor to area headquarters to be schooled in census-taking. Those making the best showing will be appointed supervisors.

The districts in turn will be divided into enumeration districts, and it will be 143,000 enumerators who will ask most of the questions in next year's census. Except for those taking the business census in January, however, most of the enumerators will not be named until next spring.

Census bureau officials announced these census districts and headquarters in Texas:

District 1, Marshall—Lamar, Red River, Bowie, Delta, Hopkins, Franklin, Titus, Morris, Cass, Marion, and Harrison counties.

District 2, Beaumont—Shelby, San Augustine, Sabine, Newton, Jasper, Angelina, Tyler, Tyler, Hardin, Liberty, Orange, and Jefferson.

District 3, Kilgore—Van Zandt, Wood, Camp, Upshur, Gregg, Smith, Rusk, and Panola counties.

District 4, Sherman—Grayson, Fannin, Collin, Kaufman, Rains, Rockwall, and Hunt counties.

District 5, Dallas—Dallas city and county.

District 6, Corsicana—Ellis, Hill, Navarro, Limestone, Freestone, Leon, Robertson and Brazos counties.

District 7, Crockett—Henderson, Anderson, Cherokee, Nacogdoches, Houston, Trinity, Polk, San Jacinto, Montgomery, Grimes, Walker and Madison counties.

District 8, Houston—City of Houston and Harris county.

District 9, Galveston—Waller, Austin, Fayette, Colorado, Lavaca, Jackson, Victoria, Goliad, Calhoun, Matagorda, Fort Bend, Brazoria, Galveston, Chambers and Wharton counties.

District 10, Austin—Burnet, Williamson, Travis, Blanco, Hays, Caldwell, Bastrop, Lee, Burleson, and Washington counties.

District 11, Waco—Bosque, Coryell, McLennan, Bell, Falls, and Milam counties.

District 12, Fort Worth—Somervell, Johnson, Hood, Parker and Tarrant counties.

District 13, Wichita Falls—Hardeman, Foard, Knox, Wilbarger, Baylor, Throckmorton, Wichita, Archer, Young, Clay, Jack, Montague, Wise, Cook and Denton counties.

ROUTINE MATTERS WERE CONSIDERED BY HOSPITAL BOARD

Routine matters were considered at the December meeting of the Navarro County Hospital Board at the P. and S. Hospital Sunday afternoon at 2 o'clock.

The monthly report revealed there were 62 patients admitted, including 17 charity cases, and seven emergencies given first aid and not admitted to the institution.

Charity service for the hospital was listed at $508.45 while that for the physicians was carried at $1,068.

Collections were $1,045.82, while expenses amounted to $1,743.15.

Negro Arrested, Liquor and Still Seized Saturday

A negro was arrested, three and one-half gallons of corn whiskey was confiscated and a small still was seized in a raid conducted late Saturday afternoon south of Blooming Grove by Navarro county officers and a Texas Ranger, officers reported during the weekend.

The raiders included Sheriff Cap Curington, Deputy Sheriffs Jeff Spencer and George Massey and Texas Ranger Kelly Bush of Waco.

HEALTH, BEAUTY AND POISE

By VERONICA DENGEL

THE "SQUADDLE" EXERCISE

Today you have another exercise that is excellent for reducing and firming the thighs. The picture rather looks as if our girl were going to do a Russian dance—but that is only the position I wish you to take. Actually, you should walk around the room in this position. It is rather hard to do in the beginning, and you will fall down frequently—but even falling down and getting up and starting over again is good exercise, you know!

Walk Around the Room in This Position.

But in a few days you will be able to get around quite well. Then, start to walk backwards. Yes, in the same squatting position.

I call this the "Squaddle," because it is sort of a waddling motion—and is also one of the limbering exercises used by football teams in practice work. So —squad, plus waddle—and we have "squaddle." But, seriously, do try this. You will be stiff for a few days, but don't let that stop you. Keep at it, and work out the stifness; at the same time you will be working in a smooth, firm contour—minus flabbiness, and minus excess flesh.

Black Hills Church Damaged By Fire On Sunday Morning

Sparks from a flue ignited the roof of the Black Hills church about 11 o'clock Sunday morning with damage estimated at $25 after threatening the entire structure for a time. A truck was sent to the scene by the Corsicana fire department and firemen reported church attendants had halted the spread of the flames by knocking the shingles loose from the attic and allowing them to the slip to the ground.

Corporation Court.

One charge of operating an automobile without tail light and no driver's license, one of speeding, three of intoxication, two of operating cars without tail lights, one of improper parking, and one of reckless driving brought offenders into the Corsicana corporation court Monday morning.

Fort Worth Woman Injured In Auto Accident Sunday

Mrs. Macy Maxwell, of Fort Worth, is in the P. and S. Hospital suffering from minor injuries and severe shock reported received in an automobile mishap near Teague about 9 o'clock Sunday night.

It was reported the car door became unfastened causing Mrs. Maxwell to be thrown from the machine. She was treated at the hospital for hurts about the knees and hands.

Wheat Advances Again

CHICAGO, Dec. 4.—(AP)—Shaking off profit taking sales that caused an early slump, the wheat market today resumed its advance which in the past week has added 3 to 5 cents a bushel to values.

While quotations fell short of Saturday's two-year high level, the market showed strong recovery power after early selling had caused a drop of about a cent. Heavy movement of wheat from Canada and Argentina into world trade and improved domestic flour demand along with the critical Southwestern crop situation were factors in the rally.

Wheat closed 1-8 to 5-8 cent higher than Saturday, December 93 3-8 1-2, May 89 3-4 7-8; corn 1-4 to 5-8 up, December 53 1-4 3-8, May 54 5-8 3-4; oats unchanged to 1-4 higher.

MAYORS OF TEXAS ASKED FOR AID IN INDUSTRIAL PLANS

AUSTIN, Dec. 4.—(AP)—More than 2,000 mayors of Texas cities have an invitation to aid Gov. W. Lee O'Daniel's plan to industralize the state.

The governor revealed he had requested municipal authorities to designate committees of five to seven persons to study their communities possibilities for commercial expansion.

In his Sabbath radio address the chief executive said industrialization of the commonwealth was, in his opinion, the project most deserving of immediate attention.

As to financing the social security program, subject of fiery debate since shortly after his inauguration this year, the governor said:

"It now appears that this social security problem remains to be dealt with at the next regular session."

YOUNG CANADIAN FARMER CHAMPION GROWER OF WHEAT

CHICAGO, Dec. 4.—(AP)—Francis Lloyd Rigby, a 21 year old farmer from Wembley, Alberta, Canada, was proclaimed the King of the Wheat Fields at the 21st International Hay and Grain Show today.

Rigby, who operates a farm in the Peace river district, won the championship last year. His victory this year gave the championship to Canada for the 17th time in the last 21 years.

He showed a sample of the reward variety, weighing 67.3 pounds to the bushel, which is more than seven pounds over the standard weight.

Major championships awarded so far in the eight-day exposition included:

Outstanding 4-H Club leaders—Willie L. Ulich, 18, Caldwell, Tex., and Dorothy Arvidson, 17, Lafayette, Ind.

NEW WEEK FINDS STOCK MARKET IN TIRED CONDITION

MOST LEADERS FAIL WORK UP ANY GREAT ADVANCING QUALITIES

NEW YORK, Dec. 4.—(AP)—The stock market today started the week with a "tired out" appearance and most leaders failed to work up much rising vigor during the sleepy proceedings.

Unsuccessful efforts to promote a mild recovery at the opening were succeeded by declining tendencies although few really weak spots were in evidence. Some improvement came in at the finish and scattered issues managed to hold on to modest advances. Closing quotations, though generally lacked a definite direction.

With the ticker tape coming to a full stop frequently, it was one of the most sluggish sessions since early last July. Transfers for the five hours approximated 400,000 shares.

Inclined to lag the greater part of the day were General Motors, U. S. Rubber, Montgomery Ward, Boeing, Douglas Aircraft, Du Pont, Eastman Kodak, Union Carbide, Great Northern, Norfolk, Western, International Nickel, Westinghouse and U. S. Gypsum.

Resistant were U. S. Steel, Bethlehem Steel, Chrysler. Loft, United Aircraft, American Telephone, Anaconda, Kennecott, American Smelting, Eastern Airlines, United Airlines, Standard Oil of N. J. and General Electric.

As one brokerage commentator put it: "Good news apparently means nothing to speculative contingents nowadays. One of the principal reasons is that most feel that foreign selling of American securities has put a ceiling over the market. While offerings from abroad have never been particularly heavy, the fear is that any attempt to get prices up will meet larger liquidation from Europe. Consequently, the present stalemate."

Sentiment was not especially disturbed by a more than expected drop in this week's steel mill operations. It was officially estimated output would be off 1.6 points at 92.8 per cent of capacity, the second recession since Labor Day.

The Russian-Finnish war remained as a restraining influence.

GOVERNMENT WINS MILK ANTI-TRUST ACTION CHICAGO

WASHINGTON, Dec. 4.—(AP)—The government won in the supreme court today in its effort to prosecute anti-trust proceedings charging a group of incorporations, organizations and individuals with conspiracy to fix milk prices, control the supply and suppress competition in the Chicago area.

Chief Justice Hughes delivered the opinion in the litigation—one of the major cases brought by the department of justice in its recent anti-trust campaign.

No dissent was announced.

The chief justice said that the agricultural marketing agreement act "affords no ground for construing the Sherman act as inapplicable" to the charges against the defendants.

Tis opinion also expressed the same view as to other farm legislation enacted since the 1890 Sherman act was passed.

A national labor relations board order directing the Newport News Shipbuilding & Dry Dock Company to disestablish an employes' representative committee as collective bargaining agency for the workmen was sustained by the supreme court.

"The law," Justice Roberts said in his decision in the Newport News case, "provides that an employe organization shall be free from interference or dominance by the employer.

"We cannot say that upon the uncontradicted facts, the board erred in its conclusion that the purpose of the law could not be attained without complete disestablishment of the existing organization which had been dominated and controlled to a greater or less extent by the respondent.

Held Immaterial

"In applying the statutory test of independence it is immaterial that the plan had in fact not engendered, or indeed had obviated, serious labor disputes in the past, or that any company interference in the administration of the plan had been incidental rather than fundamental and with good motives. It was for congress to determine whether, as a matter of policy, such a plan should be permitted to continue in force. We think the statute plainly evinces a contrary purpose, and that the board's conclusions are in accord with that purpose."

In the Chicago milk case Hughes said that "the contention of the defendants who are labor officials that the Sherman act does not apply to labor unions or labor union activities is not open on this appeal."

"The district court," he explained, "did not construe the Sherman act is inapplicable to these defendants and the government's appeal, under the restriction of the criminal appeals act, does not present that question."

The decision reversed a ruling against the government by the Northern Illinois Federal district court.

The district court dismissed indictments against 57 defendants on the ground that the 1890 Sherman anti-trust act no longer applied to them because congress had placed control of the marketing of farm products with the secretary of agriculture.

King George On Visit to British Troops In France

LONDON, Dec. 4.—(AP)—King George VI has arrived in France on a visit to British troops, it was announced officially today.

The King landed in France this afternoon from a British destroyer.

The King was accompanied by one of his brothers, Major General the Duke of Gloucester, who is chief liaison officer to Lord Gort, commander in chief of British field forces.

A communique said King George "intends to make a personal tour of troops in France during his stay in that country" but did not give the length of the visit.

The King was following in the footsteps of his father, King George V, who made repeated visits to troops in Belgium and France in the World War.

Finland's Crack MarksmenManning Anti-Aircraft Guns

By LYNN HEINZERLING

HELSINKI, Dec. 4.—(AP)—Finland's crack clay pigeon shooters manned anti-aircraft posts today as part of elebarate preparations against Russian air raids.

Among such marksmen are the champion trapshooter Conny Huber ad former champion Dr. Forselles.

Helsinki hidden from airmen by wet snow and low clouds was like a ghost town when evening fell today on the fifth day of the Russian ivasion. Several districts, considered the most dangerous during raids, were closed. Elsewhere a few stragglers were seen hurrying with their baggage towards the suburbs. Otherwise only soldiers or civil air defense guards remained.

Most shops closed last Saturday. Stockmann's large department store boarded up its big show-windows and closed today.

The guest list of the hotel Torni dwindled to four as firehoses were unrolled on all floors and it was converted into a first aid station.

L. B. Page is a medical patient at the P. and S. Hospital.

WACO TIGERS ARE FIRST ON ROSTER POTENTIAL CHAMPS

FOUR SECTIONAL WINNERS REPEATED; SWEETWATER, AUSTIN UNDEFEATED

By HAROLD RATLIFF
Associated Press Staff.

The Texas Interscholastic league's twentieth annual football campaign rolled into its final month today with 80 teams hanging up the moleskins and 16 others preparing to square off for the showdown.

Waco's Tigers led the pack—in the estimation of the critics—as district champions were certified.

Fifteen were known but the other will be decided today by the district executive committee which has to choose between tied El Paso High and Austin.

As the squads girded for the first round of state play, the records indicated these would be favorites to come through in bi-district games:

Electra over Lubbock, Sweetwater over the El Paso district winner, Sulphur Springs over Sherman, Masonic Home (Fort Worth) over Woodrow Wilson (Dallas), Tyler over Nacogdoches, Austin (Houston) over South Park (Beaumont), Austin over Brownsville.

Basis for Guessing.

In most cases there are direct comparisons, which often mean little in Texas schoolboy football but nevertheless form at least a "guessing" basis.

Lubbock lost to Vernon and Electra defeated Vernon.

Sweetwater beat Odessa, Austin (El Paso) lost to Odessa but both beat Big Spring, although Sweetwater's margin was higher. El Paso High looks about even with Austin in strength.

Sherman and Sulphur Springs both defeated Denison, Sherman defeated Paris which tied Sulphur Springs, Sulphur Springs beat McKinney which defeated Sherman while both beat Greenville and Bonham although Sulphur Springs had a better margin in the scores.

Masonic Home and Woodrow Wilson each defeated Sunset (Dallas) but the Masons have not lost a game. Woodrow Wilson was beaten by McKinney.

There is no direct comparison between Waco and Breckenridge although Waco appears generally to have met stronger opposition.

Tyler and Nacogdoches each defeated Jacksonville, Palestine and Marshall with the widest margin in the scoring going to Tyler.

An indirect comparison establishes Austin (Houston) as stronger than South Park. Austin defeated Lufkin which in turn beat Livingston, which had downed South Park.

Austin Record Perfect.

There is no direct comparison between Austin and Brownsville but Austin's record generally is better. Austin is one of the two remaining undefeated, untied teams in the state.

The District 4 championship has not yet been decided but sites and dates for all bi-district games have been arranged.

Here is the lineup:

Friday — Electra at Lubbock, Sherman at Sulphur Springs, Breckenridge at Waco. Tyler at Nacogdoches, South Park at Austin (Houston).

Saturday—Sweetwater at El Paso, Woodrow Wilson at Masonic Home, Austin at Brownsville.

This season marked the greatest turnover in district champions in the history of the interscholastic league. Only four repeated. They were Lubbock, Breckenridge, Tyler and Masonic Home.

The other team finishing the regular season without a defeat or tie was Sweetwater. Sulphur Springs, Masonic Home, Breckenridge, El Paso High and Gainesville were undefeated but all were tied.

RURAL RESIDENTS ALL-WEATHER ROADS CALLED MEET DEC. 7

Rural residents along several of the all-weather roads in Navarro county have been invited to attend a meeting at the Ideal Theatre Thursday morning, December 7, at 10 a. m., to discuss a program of dairy cow development and possibilities of establishing a milk route in this county at the present time.

The meeting is being sponsored by the agriculture and dairy committees of the Corsicana Chamber of Commerce. A survey of milk production along the various routes was made recently and the tabulated results will be presented Thursday.

Officials of the Kraft-Phenix Corporation milk plant at Athens have been invited to attend the conference and discuss the plans with local farmers.

Gober Defeated Rice Saturday Afternoon

RICE, Dec. 4.—The Gober High School sixman football team defeated Rice, 45-24, here Saturday afternoon in a challenge game. Rice was the undefeated champion of the Navarro county sixman football league.

Benny Colvin was the leading scorer for Gober with three touchdowns and two extra-point kicks for a total of 20 points. Bobby McCullough scored twice for Gober, kicked three extra points. Zealous Trout also scored a touchdown for the winners and Billy Joe Burkett plunged an extra point.

McGregor Quarter

WILLIAM JANES

Upon the generalship of William Janes, plus his ball-lugging and blocking ability, McGregor Bulldogs enthusiasts are counting heavily to turn the tide here Friday afternoon at 2:30 o'clock against the Ennis Lions. He was all-district in 1938.

McGregor is undefeated this season and a great record has been established, defensively and offensively.

AMERICAN FARMERS WARNED HARD TIMES DUE TO BE FACED

EUROPEAN SITUATION MAY MAKE IT HARD TO GET GOVERNMENTAL FUNDS

DALLAS, Dec. 2.—(AP)—I. W. Duggan, director of the southern division of the AAA, today warned American farmers they will likely face hard times because of the European situation "even if we keep our heads."

Speaking before the annual convention of the Texas Agricultural Association, Duggan urged farmers to forget factionalism and sectionalism and present a united front to "protect our farm income and our own basic resources."

"With the increased demands on the treasury for defense purposes, farmers may find it even more difficult to secure funds from the treasury next year," he said. "Therefore I would urge farmers to agree upon a plan for raising revenue for parity payments in 1941. If this is not done, I doubt very seriously if parity payments will be provided for next year, unless provision is made to raise the funds. Some revenue raising measure similar to the processing tax or the certificate plan would seem practical."

Secretary of Agriculture Henry A. Wallace yesterday suggested such continuing source of revenue might be found in a "modern version of the processing tax," or a "so-called certificate plan" under which farmers would get production certificates in order to market their goods.

Duggan added a warning to wheat farmers not "to gamble on the duration of the war" nor on "producing an unmanageable surplus of wheat."

"With all the facts in hand, I am convinced wheat producers who understand the wheat situation will continue to co-operate in the program to the fullest extent.

Hard Times Forecast

"We simply can not afford to take a shortsighted view of the agricultural situation today," he said. "Even if we keep our heads, we are likely to be in for some hard times sooner or later. Europe can not waste its resources and manpower in war without making the whole world poorer.

Duggan saw encouragement in the fact that farmers had virtually no experience in national agricultural planning at the end of the world war, but since then have developed their organizations and "governmental agencies concerned with agriculture have become increasingly efficient and ready for whatever comes."

He advised cotton farmers to "hold their acreage next year at about the same level of the last two years."

"Even with marketing quotas in effect in 1940, the supply of American cotton will continue to be excessive," Duggan said. "There are some who think wars greatly stimulate the consumption of cotton.

Frost High Girls Basketball Team Enters YMCA Meet

The Frost high school girls basketball team have announced their entrance in the annual Y. M. C. A. sponsored high school girls basketball tournament sceduled to begin Wednesday night in the Y gymnasium.

This brings the entrance total to 11 teams and Y. M. C. A. officials are confident that the expected quota of 16 teams would be registered by Monday night, the entrance deadline.

Schedule Tax Study In Navarro County

WASHINGTON, Dec. 4.—Navarro county appeared on the list of 57 political subdivisions in Texas in which a thorough study of the basis of assessments of property both real and personal for taxation. An allotment of $36,230 was made by the Works Progress Administration to the bureau of municipal research of the University of Texas.

YOUTH CAPTURED BY HIGHWAY PATROLMAN IN EXCITING CHASE

M. R. REID SUCCEEDED IN STOPPING CAR AFTER FIRING SEVERAL SHOTS

An eighteen-year-old white youth was returned to Dallas late Friday night by Detective J. T. Luther and other Dallas officers in connection with an alleged hi-jacking of Mrs. Edward F. Lee, of Detroit, after he had been arrested on the outskirts of Corsicana earlier Friday night by State Highway Patrolman M. R. Reid following a two-mile chase, which carried them through the heart of the Corsicana business district.

Patrolman Reid said he was cruising near Corsicana, accompanied by H. P. Rumblelow, when he picked up a police broadcast out of Dallas informing all points to be on the alert for a maroon-colored car with an armed occupant, who had taken the car earlier Friday night from Mrs. Lee.

The car in which the youth was captured bore a Michigan license, HC-2, Michigan, and was a maroon convertible coup, 1937 model.

Followed Car.

The patrolman said he followed the car answering the broadcast description into Corsicana from Rice, 10 miles north, and tried to halt the driver near the intersection of Highway 75 and East Seventh avenue, about three blocks from the main business section of the town. The youth sped through the downtown business district, closely followed by the patrolman. In the business section the patrolman held his fire, fearing to endanger bystanders. The car headed north through the city, and, in the residential section on North Beaton street, the officer opened fire, puncturing a right rear tire and forcing the car off the highway. The boy offered no further resistance, officers said, and was taken to the county jail. Dallas officers were notified.

Patrolman Reid said he fired six times with his service pistol and once with a shotgun.

Refused Tell Name.

The youth refused to identify himself at the time of his arrest, but a search revealed he was wearing a class ring from Jasper, Texas, high school, bearing the date, 1938, with the letters "D. H." engraved on the inside, and the name "Hicks" was found inside the boy's shirt.

Later, however, the captive admitted he was a student at the University of Texas, gave his name and the name of his parents.

According to Dallas authorities the boy accosted Mrs. Lee near the Dallas police station and apologetically forced her out of the car.

Mrs. Lee, with three women companions, was en route to California when the incident occurred.

MEMBERS COLORED FARM YOUTHS BODY TO HOLD PIG SHOW

Approximately two hundred members of New Farmers of America, colored farm youth organization, from Area II comprising eighteen counties in East and Central Texas are scheduled to hold their annual pig show at the grounds of Corsicana Livestock and Agricultural Show on Friday and Saturday, Dec. 8 and 9.

The show will be under the direction of E. E. Palmer, area supervisor, aided by a number of colored vocational agriculture teachers. Under the rules of the annual project, the boys will present the result of a ninety day feeding program for judging and awarding of prizes.

A big street parade is scheduled for 11:30 Friday morning starting from the Jackson High School and covering the business section if weather is favorable. A butchering contest is scheduled at 2 p. m. and at 9 a. m. Saturday a meat cutting and salting demonstration is on the program.

Marketing Quota Referendum Vote Be Taken Saturday

Final instructions to those to conduct the referendum vote in the various sections of Navarro county Saturday, Dec. 9, were given to the presiding judges at a conference with the county AAA committee at the court house Monday morning.

The farmers will vote on the question whether the marketing quota will be included in the 1940 governmental program, it was stated by officials.

All producers will be notified of the place where the voting will be held, Roy R. Keeling, chairman of the county committee, stated.

McAfee Resigns As Sanitary Engineer

H. D. McAfee, sanitary engineer for the city of Corsicana since April, 1932, reported Saturday morning he had tendered his resignation to Mayor J. S. Murchison effective January 1, 1940.

McAfee stated he had accepted a place with the vocational division of the state department of education as an itinerant instructor and planned to assume his new duties the first of the year.

ENNIS LIONS PROBABLE STARTERS

Shebasta, end; Shaw, tackle; Tolar, g ard; Tackett, center; Anderson, guard; Andrews, tackle; Onstead, end, in the line; and the backs: Muirhead, half; Crews, full; Mock, half, and Warren, quarter. This outstanding combination will be meeting the undefeated McGregor Bulldogs here Friday afternoon at 2:30 o'clock in the bi-district A competition. Ennis and McGregor are ranked the strongest A aggregations in the state.

Bulldog Center

CAPTAIN M. C. MURPHY

Captain Murphy as the pivot man on offense and linebacker on the defense, is one of the mainstays of the defense of the Bulldogs against which only one touchdown has been scored this year. He is also one of the reasons McGregor has not lost a football game since 1937.

This is Murphy's fourth year on the Bulldog lineup. He was picked on the all-district team in 1938.

LOCAL MINISTERS DISCUSS PROHIBITION QUESTION MONDAY

The Corsicana Ministerial Association held their regular monthly luncheon meeting Monday noon in the banquet room of the Young Men's Christian Association. Rev. Gordon MacInnes, president, presided.

The association discussed in detail various phases of the prohibition issue and the prevailing conditions in Corsicana and Navarro county relative to the problem.

Rev. W. Fisher and Rev. A. A. Peacock were welcomed into the association as new members and Rev. Edward Miller, of Baylor university, was a guest.

Rabbi A. Michel was appointed as program chairman for the next monthly meeting.

EMERGENCY CROP AND FEED LOANS NOW AVAILABLE

Emergency crop and feed loans for 1940 are now available to Navarro county farmers according to H. R. Slaughter, field supervisor of the Emergency Crop and Feed Loan section of the Farm Credit Administration.

Applications for the loan may be made at the supervisor's office in the basement of the Corsicana post office beginning Saturday, December 9.

The loans are being made available this year several weeks earlier than ever before but the regulations are about the same. The loans will be made only to farmers whose cash requirements are small and who are unable to obtain a loan from any other source, including production credit associations, banks or private concerns or individuals.

SENATOR NORRIS HAS ASKED PRESIDENT TO REMAIN SECRETIVE

WASHINGTON, Dec. 4.—(AP)—Senator Norris (Ind.-Neb.) has advised President Roosevelt to refrain from declaring his attitude toward a third term now lest it split "progressive" groups in a critical hour.

Taking note of "recent clamor" that President Roosevelt should tell the country at this time whether he would be a candidate for re-election, Senator Norris said yesterday that such demands came, with few exceptions, from opponents of the chief executive and his policies. The Nebraskan added:

"It would be a sad mistake if President Roosevelt acceded to these demands. There is no doubt but that the president does not want to be a candidate for re-election, and every honest citizen must sympathize with him in his desire to take himself out of the contest. He has earned a rest."

But Norris asserted the president's fight for "fundamental human rights" had not ended, that he was the "ideal leader of the common man," and that if he were eliminated from the scene now no other leader could "unite the progressive people of America in a fight against a united, reactionary enemy."

The danger would be, he added, that the "progressive element would be divided into groups which would go down to defeat in a convention where the united opposition might succeed in nominating a reactionary or, at least, a candidate who was progressive only 'in spots'."

the Balkan Peninsula into Turkey.

Italy is utterly hostile to a move into territory which Mussolini regards as his preserve, and the fascist leader has been doing his utmost to form a Balkan bloc against either Russian or German advances. So tense is this situation that Southeastern Europe is an open powderkeg.

In short, the communist approach is being viewed with fear and hostile alertness by virtually every country of Europe. There are the makings of a fine, general war ready for the match.

Be Quick To Treat Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Even if other medicines have failed you may get relief now with Creomulsion. Chronic bronchitis can develop if your chest cold is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. See that the name Creomulsion is on the bottle and you will get the genuine product and the relief you want. (Adv.)

MONTHLY REPORT OF SCHOOL NURSE WAS RELEASED MONDAY

The third monthly report on the health status of the students of the Corsicana public schools was issued Monday by Mrs. Marion McAdams, school nurse, through the office of Superintendent W. H. Norwood. Statistical report follows:

Fifty-four school visits, 61 home visits, 4 dressings, 2 health talks, 7 meetings attended, 175 individual inspections, 6 children taken to doctor's office 1 child fitted with glasses, 12 children excluded from school because of communicable diseases, 2 children supplied with medicine, and 2 students supplied with soap.

The school nurse stated that fall inspection of children in the elementary schools had been completed and visual inspection of the students of Junior High school will be made soon.

More detail information pertaining to the school's health program will be given gladly Mrs. McAdams said.
